

ASCLS WEBSITE AGREEMENT FOR CONSTITUENT SOCIETIES

OVERVIEW

Primary goal: Assist ASCLS constituent societies in hosting a website on the Higher Logic Thrive platform at no cost.

Secondary goal: Unify and standardize the ASCLS brand.

Example:

<https://connect.ascls.org/oklahoma>

COST

There will be no costs associated with hosting the microsites for the constituent societies.

If a state wishes to keep their domain name, you must pay the domain registration fee associated with that cost. Your domain is your web address, i.e. www.yourstate.org. If you choose not to register your own domain, your domain will be connect.ascls.org/YourState

ADVANTAGES

Multiple community admins can be assigned to edit your site.

Initial training and technical assistance for the website platform can be provided by ASCLS staff.

As a community, users can assist other states that are on the website platform.

Site components, or widgets, can pull syndicated content, such as calendar information, over from the ASCLS Connect Community.

The cost of hosting the site is absorbed by ASCLS.

CONDITIONS

Any constituent society using our platform must

- Use the standard ASCLS color scheme for the site template.
- Use a logo that is complimentary to the ASCLS logo which will include usage of correct colors, triangles, and the addition of the state name. Please note: logos can have an element of “flair” that is unique to the state that is outside of the ASCLS color scheme.

APPROVAL AND AUTHORITY TO PROCEED

Name	Signature	Date

SITE INFO

State Name	Current Website URL

COMMUNITY ADMINS

Name	Email	Date
