MEDICAL LABORATORY EDUCATION
DIRECTORY OF ONLINE
MLS PROGRAMS

Introduction

The Clinical Laboratory Educators Forum (CLEF) of ASCLS maintains directories for prospective students who are considering online programs in one of the following four categories:

- Graduate programs in Clinical Laboratory Science
- Medical Laboratory Science (MLS)
- MLT to MLS matriculation programs
- Medical Laboratory Technician (MLT)

It is possible that this is not a “comprehensive” listing of online programs. The online directories are updated twice a year.
Table of Contents

Graduate Programs

George Washington University ........................................................................................................................................3
Idaho State University ..................................................................................................................................................3
Michigan State University ........................................................................................................................................3
Rush University .........................................................................................................................................................3
Rutgers – School of Health Professions .................................................................................................................4
University of Cincinnati ........................................................................................................................................4
University of Missouri ...............................................................................................................................................4
University of North Carolina at Chapel Hill ...........................................................................................................5
University of North Dakota School of Medicine and Health Sciences ...............................................................5
The University of Southern Mississippi ....................................................................................................................5
University of Texas Medical Branch .......................................................................................................................5
The University of Texas Rio Grande Valley .............................................................................................................6
George Washington University

**Type of Degree Program:** Numerous online, graduate degree programs are available:
- MSHS in Medical Laboratory Sciences
- MSHS in Molecular Diagnostic Sciences
- MSHS in Clinical Microbiology
- MSHS in Translational Microbiology
- MSHS in Clinical and Translational Microbiology
- MSHS in Immunohematology and Biotechnology

Is “on-campus” time required for this program? Some graduate programs include a required practicum, which may be completed at approved sites.

Program Web Address: [http://smhs.gwu.edu/medical-laboratory-sciences/](http://smhs.gwu.edu/medical-laboratory-sciences/)

Can the online courses be used for retraining or as a refresher course? Yes

Idaho State University

**Type of degree program:** MLS Graduate Program

Is “on-campus” time required for this program? Varies

Program Web address: [https://coursecat.isu.edu/previouscatalogs/2022-23/graduate/college-of-health/medicallaboratoryscience/msmedlabscience/](https://coursecat.isu.edu/previouscatalogs/2022-23/graduate/college-of-health/medicallaboratoryscience/msmedlabscience/)

Can the online courses be used for retraining or as a refresher course? Yes.

Michigan State University

**Type of degree program:** Master of Science (MS) in Clinical Laboratory Science, Master of Science in Biomedical Laboratory Operations, Master of Arts (MA) in Biomedical Laboratory Science

Is “on-campus” time required for this program? No

Program Web address: [https://bld.migrate.natsci.msu.edu/academics/online-graduate-degrees/index.aspx](https://bld.migrate.natsci.msu.edu/academics/online-graduate-degrees/index.aspx)

Can the online courses be used for retraining or as a refresher course? N/A

Rush University

**Type of degree program:** Master of Science in Clinical Laboratory Management (Two-year Program)
Is “on-campus” time required for this program?  No

Program Web address:  www.rushu.rush.edu/cls/

Can the online courses be used for retraining or as a refresher course?  Yes.

Rutgers – School of Health Professions

Type of degree program:  Master of Science in Clinical Laboratory Science (MS-CLS)

Is “on-campus” time required for this program?  No

Program Web address:  https://shp.rutgers.edu/clinical-lab-and-imaging-sciences/master-of-science-clinical-lab-science/

Can the online courses be used for retraining or as a refresher course?  No.

University of Cincinnati

Type of degree program:  Master of Medical Laboratory Science Leadership

Multiple Degree Tracks Available
  o Advanced Practice Molecular Microbiology/Immunology
  o Advanced Practice Cell Therapy and Immunohematology
  o Higher Education- Teaching and Learning, Educational Leadership and Medical Education
  o Health Administration and Management

Is “on-campus” time required for this program?  No

Program Web address:  https://online.uc.edu/masters-programs/masters-medical-laboratory-science-leadership/

Retaining or Refresher Course Options:  No

University of Missouri

Type of degree program:  Master of Health Science in Clinical and Diagnostic Sciences, Clinical Laboratory Science emphasis

Is “on-campus” time required for this program?  No

Program Web address:  https://gradschool.missouri.edu/degreecategory/clinical-diagnostic-sciences/

Can the online courses be used for retraining or as a refresher course?  No
