

Clayton Fraker

MATC (MLT) May 2022; UAMS (MLS) expected May 2026

ProHealth Care, Inc.

Question 1: What motivates you to apply for this office?

The outstanding leadership and enthusiasm I have witnessed from Jesse, Sarah, and Doryann has moved me to apply for this role.

Question 2: In what professional, educational, or community service activities have you participated? Please indicate any leadership positions you've held in these activities.

ASCLS-WI President

ASCLS-WI Conference Exhibitor Chair

ASCLS Region V Leadership Academy Graduate (2023) Junior member of committee(2025).

WI-HOSA Leadership Conference Exhibitor (ASCLS-WI, 2026)

Badger Lab State Science and Engineering Fair (Judge, ASCLS-WI, 2026)

Question 3: If you were to become a forum officer, what would you like to accomplish on behalf of the forum members?

I would like to create a pipeline to empower Ascending Professionals to become more active within their respective constituencies, helping to build ASCLS from the grassroots which define, and distinguish our unique organization.

Katie Guise

University of Central Florida, B.S. Medical Laboratory Science 2024

Orlando Health

Question 1: What motivates you to apply for this office?

I've spent the last few years volunteering throughout different parts of the organization, including Membership, Marketing, and involvement in both the APF and the DPF. During my time in the DPF I held the positions of Vice-Chair, and Chair and enjoyed the opportunity to represent the forum and work together with the APF on a variety of projects. Moving into the APF this past year as a counselor-at-large has allowed me to continue these efforts in a different form. Moving into the upcoming membership year I want to take up a deeper leadership role within the APF and think that the secretary role would be a great fit. This particular office is responsible for working with the chair and vice chair but also making sure that the broader APF membership via receiving information about our meetings and upcoming plans, goals that I feel very aligned with.

Question 2: In what professional, educational, or community service activities have you participated? Please indicate any leadership positions you've held in these activities.

Professional organizations: ASCLS, ASCP.

Held roles: National DPF Chair, DPF Vice-Chair. Florida Membership Chair, APF Chair, DPF Chair. Marketing and Communications Lab Week Committee lead.

Community Service: Yearly presenter at University of Central Florida's STEM Day - created and maintained MLS presence at this yearly K-12 educational event.

Question 3: If you were to become a forum officer, what would you like to accomplish on behalf of the forum members?

Within this role I would prioritize continuous and reliable communication between the forum leadership, the counselors, and the forum members. One of the biggest barriers to active participation of our members is often that they didn't know what was happening, or when meetings were going on. As secretary, I would make sure that there were multiple avenues to access this information - on the forum, through email, and with reliable

reminders of upcoming events/meetings. As early professionals we are all juggling work with the needs of ASCLS, and trying to make active participation easier for our members is my biggest goals. I would also work hard to support the needs of our Chair and Vice Chair.

Jeremiah Oh

Augusta University, Master of Health Science in Clinical Laboratory Science, 2023

Werfen Transfusion & Transplant

Question 1: What motivates you to apply for this office?

Having been involved with the APF for the past 3 years, I wanted to further my involvement with the forum in a deeper capacity. I found that I've thoroughly enjoyed being able to contribute towards the APF and would like to continue doing so. The APF has given so much to me as a professional and as an individual, and I'd like to be able to give back towards the community. I was previously DPF Secretary during my time as a student in the DPF and feel that I would be able to fulfill the duties and responsibilities of the position.

Question 2: In what professional, educational, or community service activities have you participated? Please indicate any leadership positions you've held in these activities.

At the state level, I have served as the Developing Professional Director, Webmaster, President-Elect, President, and now currently Past President and Treasurer for ASCLS-GA.

At the national level, I served on the ASCLS Regional Task Force. In the DPF, I was previously DPF Secretary and then DPF Vice-Chair in the same year. I am currently serving in my 3rd year as an APF Councilor-at-Large and am serving my 2nd year on the CLEC Steering Committee, the Awards Committee, and as a CLEF Councilor-at-Large.

Question 3: If you were to become a forum officer, what would you like to accomplish on behalf of the forum members?

As a forum officer, I'd like to focus on providing opportunities for members whether through increasing involvement, offering scholarships, or promoting events and meetings. I'm always grateful that the APF has provided me with these same opportunities during my time coming into ASCLS and would like to continue doing the same for others that come after me. I feel strongly about being able to help others develop their professional skill sets as they enter the workforce, and I believe I would be able to do so best as a forum officer.

Demmy Adeboyejo

Advocate Health

Question 1: What motivates you to apply for this office?

In the last few years, I have become increasingly active in my general professional organisation here in WI. Applying for this office helps me continue to build on that and continue to provide support for the incoming generation of Laboratory Technologists which is something I am passionate about.

Question 2: In what professional, educational, or community service activities have you participated? Please indicate any leadership positions you've held in these activities.

I currently sit on the National Board as an APF member

I also sit on the Board of Directors for the ASCLS-WI.

I have participated on the conference planning committee for the past 2 years for ASCLS-WI

I was on the planning committee for the Region-V symposium for 2024.

At my job, I participate in a program called Best Fit for Teens. High school juniors and seniors get to shadow different departments in the hospital and I represent the lab to teach them about what we do.

Question 3: If you were to become a forum officer, what would you like to accomplish on behalf of the forum members?

Continue to help streamline whatever current processes that we already have and provide opportunities to collaborate across the nation.

Also learn as much as possible to continue to lead effectively.
